Description

Vast forests, lakes with turquoise waters and pastures as far as the eye can see intertwine with soft and peaceful hills.

On foot, on bike or on horse, a rich and diverse fauna and flora are a feast for the eyes.

This is the ideal location to discover nature and landscapes, or merely to rest or come together with family or friends.

Throughout all four seasons, various activities are available.

In the winter, enjoy mainly Nordic activities, skiing, snowshoeing or sledding, the toboggan or the sauna, the jacuzzi and fondue nights, etc.

Warmer weather calls for hiking, outings on bikes, swimming, treetop courses and tennis matches are also on the agenda, not forgetting our local artisans, museums and cheese dairies.

The local gastronomy provides a wealth of flavours and many quality places of accommodation will complete your stay, which will certainly be “colourful”.
