

Centre de vacances le Duchet

Haut-Jura Grandvaux

Attribution : Le_Duchet (DUCHET)

A holiday centre that is truly committed to a sustainable approach, in particular through the “Chouette Nature” label

Useful information

Category : Valeurs Parc

Type : Accommodation food & drink

Categories : Holiday villages & centres

Description

The Le Duchet holiday village offers several types of accommodation: you can choose to rent a room or stay in a gîte or chalet with accommodation alone.

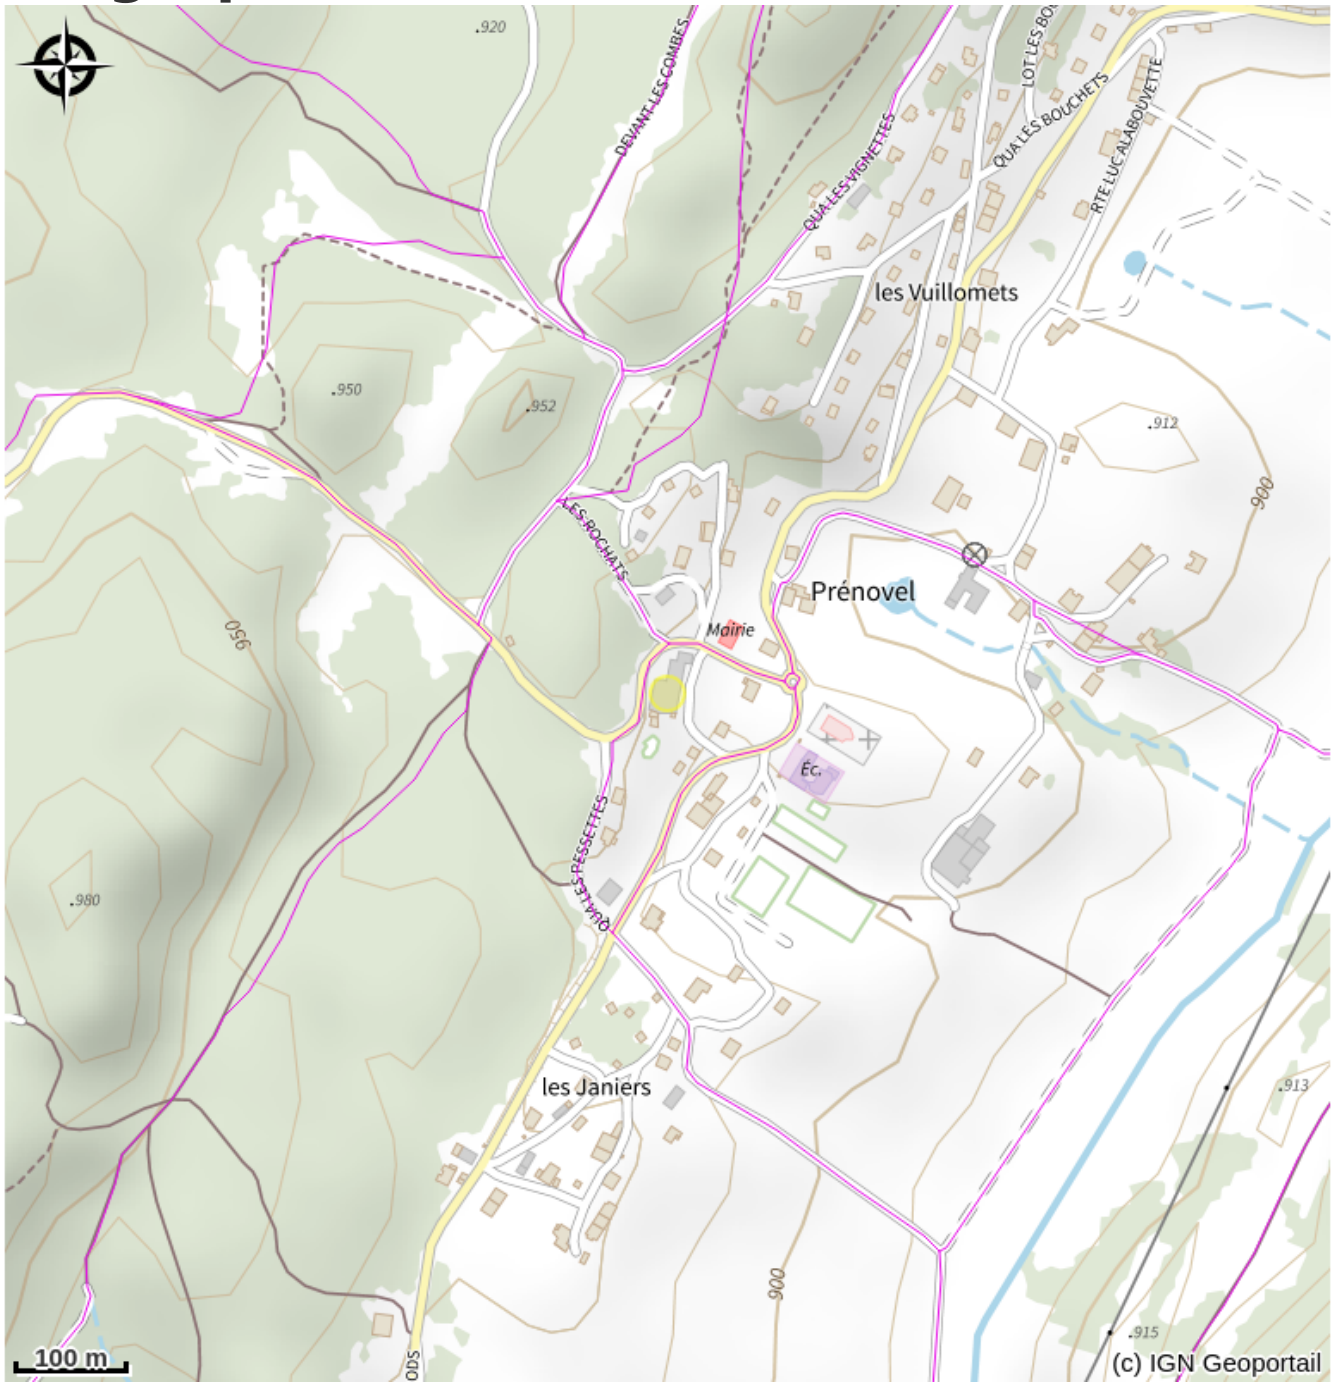

The centre's restaurant offers half board and full board packages. The chef will introduce you to authentic Jura dishes and many local products. The majority of dishes served are homemade!

If you wish to meet producers or craftsmen from the area, discover more products or local know-how, the centre organises a market on-site every week during tourist season.

Besides the many activities organised by the centre's entertainers: hiking outings, mountain biking, climbing, the discovery of peat bogs, archery, donkey rides, Nordic activities, shows, dances, cabarets, etc., you can also take advantage of the fitness area (gym, spa, sauna) but also the swimming pool, tree adventure area or golf course.

This holiday village has committed to adopting an eco-friendly approach by obtaining the "Chouette Nature" label issued by the Cap France network. The team undertakes more responsible and concrete actions on a daily basis: respecting the surrounding natural environment, raising staff and visitors' awareness on nature protection, controlling energy and water consumption, promoting and showcasing regional products, etc.

Geographical location
