Description

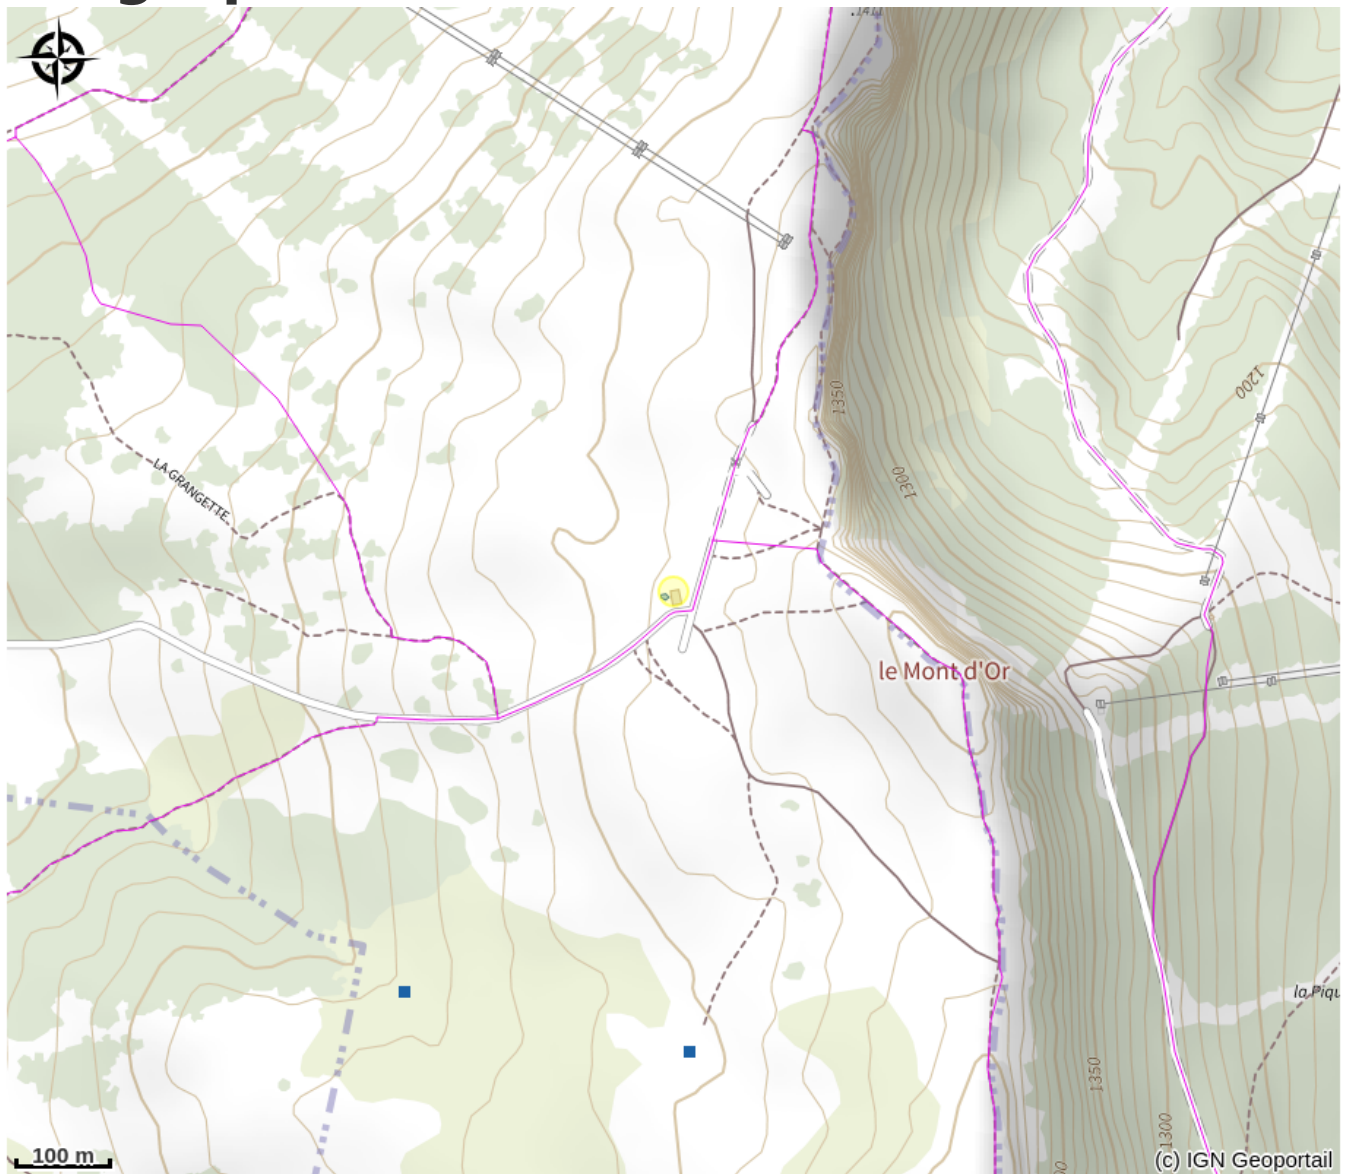

This alpine pasture inn located on the Mont d'Or offers regional specialities and a pleasant setting in the middle of nature.

You will appreciate in particular the roestis, fondues, tartiflettes, hot Mont d'Or boxes, wood-fire raclettes, regional sliced meats and local cheese. For dessert, you might try the homemade tarts and the farm's delicious ice-creams.

Anne-Suzy and Bruno take great pride in offering homemade dishes made using local products. With extensive knowledge of the area, they will advise you on the walks and activities available nearby.

In the winter, this alpine pasture chalet can be accessed only by snowshoe or ski, making it a unique low mountain restaurant.
