

L'Eolienne

Champagnole Nozeroy Jura

Attribution : Eolienne (Eolienne)

The Domaine de l'Eolienne offers various accommodation packages and also includes a restaurant.

A botanical garden and trail as well as a local plant exhibition are freely accessible to all visitors.

Useful information

Category : Valeurs Parc

Type : Accommodation food & drink, Attractions

Categories : B&Bs and gîtes, Restaurants

Description

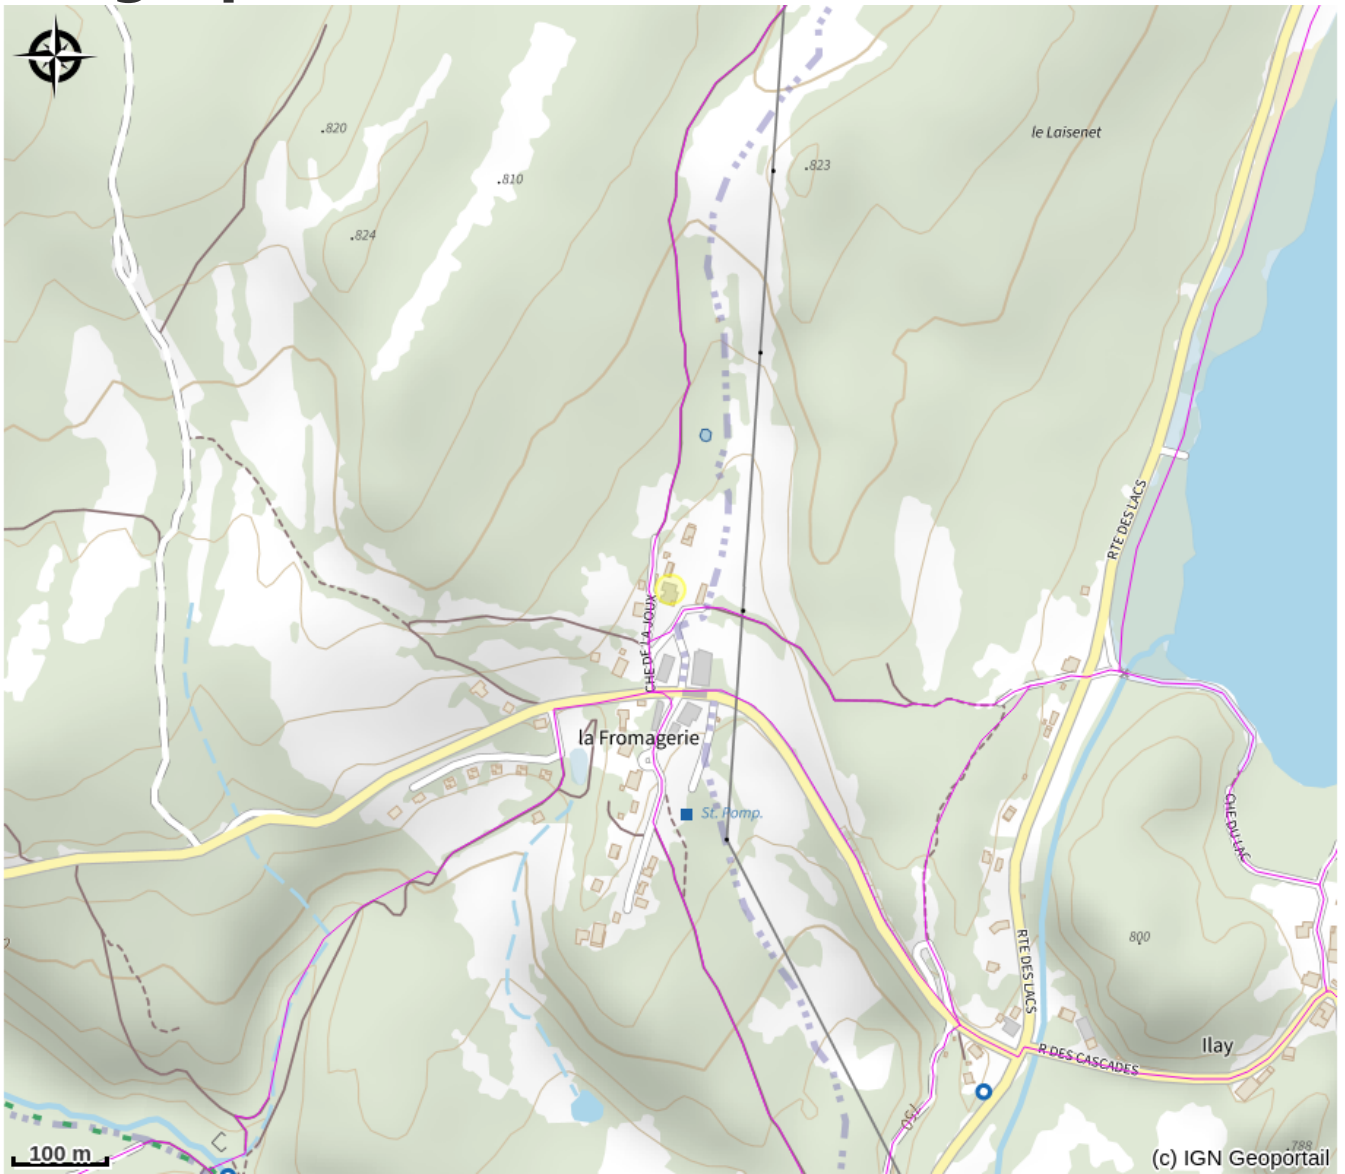

The Domaine de l'Eolienne offers stays in its stopover gîte, its bed and breakfast or its two furnished apartments.

You will enjoy the restaurant's dishes which highlight local Jura products such as the High Jura smoked produce and slices meats, Petite Montagne trout, cheese from the region's cheese dairies and Jura wine, including the famous yellow wine.

The owner, Christian, is a lover of all things botanical. In his garden, he has created a remarkable botanical garden containing a variety of exceptional plants. If you would like, he would be happy to share his passion and knowledge on plants and vegetal species with you. You will also enjoy the exhibition on plants from the Région des Lacs. An 800 m botanical trail will complete your visit.

In terms of leisure activities: the Domaine de l'Eolienne is in the Région des Lacs, a pleasant area for walks and hikes for all levels of experience but also for nautical activities. The Cascades de l'Hérisson are just a stone's throw away from the domain. Many other activities are available nearby.

Geographical location

All useful information
